

ULUF 65

THE ULUF 65 WILL ADD A NEW DIMENSION TO YOUR LABORATORY, USE IT EITHER AS A BENCHTOP OR UNDERCOUNTER.

The compact space-saving design and low noise level makes it a perfect storage solution for your laboratory.

COMPRESSOR

SYSTEM

FILTERLESS

CONSTRUCTION

DIRECT COOLING

COOLING TECHNOLOGY

The small size is achieved by utilizing Arctico's special single compressor technology.

The single compressor technology is specially designed to reduce the number of mechanical components that generates unnecessary heat and noise. It comes with the same advantages as regular sized -86°C from Arctiko and is best in class in cooling performance.

FILTERLESS CONSTRUCTION

Our filter less construction makes cleaning unnecessary. The evaporator coils are spaced so far apart that dust will not be trapped and obstruct the airflow.

With our compressors located on the top, the dust intake is minimal this eliminating the need for filters entirely, saving you maintenance time and cost.

CUSTOMIZED SOLUTIONS

Even in this size Arctiko can provide a wide range of accessories for customization of the unit, though it is not required to function.

With an optional CO2 back-up system will keep your samples cold as long as there is CO2 available in the system – eliminating the dangers of an unstable power grid or simply bad weather.

MAIN DIMENSION FOR ULUF 65

User friendly G214 controller standard in the ULUF 65. Includes different alarms as; visual, acoustic, open door and more.

Key lock is standard feature in our ULUF 65. Placed on side of door for optimal security for your samples.

Insulated inner door for better recovery time after door openings and optimal temperature stability.

OPTIONAL ACCESSORIES

Modbus adapter for G214 controller Temperature chart recorder CO2 back-up system GSM alarm module Voltage converter Voltage stabilizer Racks & boxes Cryo gloves

MAIN SPECIFICATIONS

MAIN SPECIFICATIONS	
Item code	US-DAI 1418-1
Temperature range (°C)	-40 / -86
Temperature range (°F)	-40 / -123
Max. ambient temperature (°C)	25
Max. ambient temperature (°F)	77
Capacity (L)	54
Capacity (cu. ft.)	1,9 600x752x821
Exterior dimensions WxDxH (mm)	600x752x821
Exterior dimensions WxDxH (inches)	23,62x29,61x32,32
